*This Book Is Dedicated To  
The Class Of 1970 And  
To The Teachers Who Are  
Leaving.*

The basic values which support the American way of life and which have guided the actions of people for centuries, are being put to a severe test in an era of rapid technological change, social readjustment and population expansion. The results of this test are most visible when they apply to children and youth. If the school are to be successful in helping young people develop values that will give them a sense of direction, then a high priority in the instructional program must be given to the development of moral, spiritual and ethical values. The true meaning of fair play, personal honor, and social justice must be exemplified in every facet of the community and school's operation.

## Ela Township High School

Make school for you a treasure chest;  
 Make every hour roll  
 Into your hands a great success;  
 Make every work a goal.

Make all your teachers your good friends,  
 Who try to help you crawl  
 Up to the point where you'll be crowned  
 As honored students all.

Oh, try to make your school a place  
 Where richest gems are stored;  
 A gorgeous mine for all the time  
 You spend there in that ward.

Make every hour a golden hour;  
 Make every minute pay;  
 And may it be your aim to learn  
 Some new things every day.

Oh, spend these hours as precious time,  
 A value ever dear;  
 But think, O child, ere 'tis too late,  
 To have success come near.

THESE IDEAS ARE  
 STILL MEANINGFUL
